

Shaped for Service: Understanding God's Call

1. The Need & The Call

Divine calling originates entirely from God's choice during critical times of need.

Look Up, Not In

God does not call the qualified;
He qualifies the called.

2. Human Reluctance

Feelings of inadequacy and lack of experience are common human responses to God's assignment.

3. Divine Provision & Impact

God provides authority, message, and protection to accomplish His transformative work.

Discern Your Fit

Evaluate your unique gifts, interests, and convictions against church and community needs.

Courageously Say "Yes"

Step into service even when difficult to experience divine presence and purpose.
